

Managing School Costs with Kindo

A Simple Payment Option for Families

What is Kindo?

Kindo is our secure online payment system that allows you to pay for school-related costs such as fees, trips, sports and other activities in one convenient place.

How Regular Payments Can Help

We understand that the cost of education can place pressure on family budgets, particularly when expenses arise at different times throughout the year. To help make this more manageable, we encourage parents and caregivers to consider setting up regular payments into their Kindo account.

By setting up a weekly, fortnightly, or monthly automatic payment account, you can:

- Spread costs over time rather than facing large, one-off payments
- Plan ahead for known expenses such as camps, sports fees, and subject costs
- Reduce financial stress by building up credit gradually
- Stay on top of payments with funds ready when needed

Even small, regular contributions can make a significant difference over the course of the year.

Getting Started

We recommend starting your regular payments as soon as possible after enrolment. This will give you the greatest benefit over the year and help ensure funds are available when needed.
